Consent Agenda

Councilmember Golder pulled item 9 for further discussion.

Councilmember O'Hara made a comment on number 5 to make the following edits to the January 14, 2025 City Council Meeting Minutes:

Item 24: Amend the Friendly Amendment as follows:

From:

Councilmember O'Hara requested to add direction to staff to extend the Wharf Business Recovery Recommendations below through February 2025.

- Approval of free 2-hour parking on the Wharf to the public during the month of January. The estimated cost to the City based on parking modeling is approximately $30,000. This cost will be partially offset by visitor trips to the wharf and increased tenant rent revenue (which is a percentage of sales).

- Approval of recommended rent relief to include percentage-sales only rent during the months of December and January for all wharf tenants. Many tenants have minimum monthly rents in addition to percentage sales. Allowing percentage-only rent based on actual sales received provides economic relief for the period the Wharf was closed to the public. This would additionally eliminate any minimum rents due and rent payments not reflective of the mandatory closure period. Staff further recommends that all late fees and penalties for the months of December and January be waived. An initial estimate of cost to the City is approximately $40,000-$50,000.

To:
